

The St. Johns County Sheriff's Office is committed to highway safety. This is achieved by using both public education and enforcement measures. Educational materials are given to motorists as they enter the checkpoint.

The SJSO Traffic section will continue to conduct Sobriety Checkpoints throughout the county in an effort to deter impaired drivers and motorists from violating the traffic laws of this state.

A Sobriety Checkpoint was conducted on Friday, August 15, 2008 from 9:55 PM until 1:30 AM at 999 Anastasia Blvd.
