INTRODUCTION

The Sheriff of St. Johns County and his staff manage the St. Johns County Detention Center. The St. Johns County Sheriff's Office Detention Center is governed by Florida Statute, Florida Model Jail Standards (FMJS), and Florida Corrections Accreditation Commission (FCAC).

The Detention Center is located at 3955 Lewis Speedway, St. Augustine, Florida 32084. The St. Johns County Detention Center operates two separate facilities:

Main Detention Unit - Pre-trial and Sentenced Inmates

Community Work Release Center - Sentenced Inmates

This handbook is to assist you during your incarceration and will provide you with a general guide of operations from the time of admission until your release. The handbook will provide you with an overview of inmate privileges to include inmate canteen visitation and programs provided by the St. Johns County Detention Center. The handbook is considered jail issued property, and must be treated as such and not destroyed or mutilated.

While incarcerated, you are responsible for knowing and adhering to the rules and regulations of each facility. Violation of these rules and regulations may result in disciplinary action and/or criminal charges. If a serious problem develops, do not attempt to solve it yourself. You should direct the problem to Corrections Staff. If you have any questions regarding the information in this handbook, contact any Corrections Deputy for clarification.

PRISON RAPE ELIMINATION ACT (PREA)

While you are incarcerated, no one, neither inmate nor personnel has the right to pressure you to engage in sexual acts. You do not have to tolerate sexual abuse or pressure to engage in sexual behavior regardless of your age, size, race, or ethnicity. Regardless of sexual orientation you have the right to be safe from sexual advances and acts.

Confidentiality:

Information concerning the identity of the inmate victim reporting the sexual abuse and the facts of the report itself shall be limited to those who have a need to know in order to make decisions concerning the inmate victim's welfare and for law enforcement investigative purposes.

What to Do If You're Victimized:

Report the incident immediately to personnel. Jail personnel will immediately protect you from the aggressor, and will refer you for a medical exam. You do not have to name those involved, however, the more specific your information, the easier it will be for personnel to help you. You will receive protection whether or not you have identified your aggressor or agreed to testify against them.

Even though you may want to clean up, it is important to see medical staff before you shower, wash, drink, eat, change clothing or use the bathroom. Showering may wash off hair and body fluids which are critical evidence. Bring the clothes and underwear, which were worn at the time of the incident, with you to the medical exam. Medical will examine you for injuries. They can also check for sexually transmitted diseases. They will also assist in providing you with counseling if you request it.

How to Report the Incident:

You can tell a Corrections Deputy, Medical personnel, Chaplain, Programs Instructor, or any other personnel you trust. Personnel are instructed to keep the reported information confidential, and only discuss it with the appropriate officials on a need to know basis.

You may also call the Intervention Phone to report the incident, by choosing option number seven (7) on the Inmate phone system, follow directions once answered. This is a free call from any block telephone.

Seeking Medical Help:

A medical professional will perform a medical examination to obtain samples or document the existence of physical evidence. The exam will be conducted privately and professionally.

Understanding the Investigative Process:

Once reported, the St. Johns County Sheriff's Office will conduct an investigation. The purpose of the investigation is to determine the nature and extent of the misconduct. You may be asked to give a statement. If criminal charges are filed, you may be asked to testify during the criminal proceedings.

Counseling Program:

You may seek counseling and/or advice from a Psychologist or Chaplain. Crisis counseling, coping skills, suicide prevention, and mental health counseling are all available to you. Most people need help to recover from the emotional effects of sexual abuse. If you have been the victim of sexual abuse, recently or in the past, counseling services are available.

Avoiding Sexual Battery:

Carry yourself in a confident manner at all times. Do not permit your emotions (fear/anxiety) to be obvious to others.

Do not accept gifts or favors from others.

Do not accept an offer from another inmate to be your protector.

Find personnel with whom you feel comfortable to voice your fears and concerns.

Be direct and firm if others ask you to do something you do not want to do. Do not give mixed messages to other inmates regarding your wishes for sexual activity.

Choose your associates wisely. Look for people who are involved in positive activities like educational programs, self-help programs, or religious services.

Trust your instincts. If you sense a situation may be dangerous, it probably is. If you fear for your safety, report your concerns.

Sexual abuse is a serious crime. The St. Johns County Sheriff's Office will investigate all reported incidents of sexual abuse. If you are a victim, report it immediately.
