Visitation Information:

Visitation from members of the immediate family or approved friends is encouraged with the understanding there are certain rules and regulations that must be followed. Two types of visits are offered by the St. Johns County Sheriff's Office. Visits at the Video Visitation Center are free of charge to inmates and visitors and can be up to sixty (60) minutes in duration. Approved visitors may also conduct video visits outside of scheduled times when video kiosks are available in the inmate housing areas during regular visitation hours and visitors are required to pay a fee for the service.
