

ST. JOHNS COUNTY **SHERIFF'S OFFICE**

ROBERT A. HARDWICK, SHERIFF

ANNUAL REPORT

2021

MESSAGE FROM THE SHERIFF

Dear St. Johns County Citizens,

It is my honor to present to you the 2021 St. Johns County Sheriff's Office Annual Report. This report shows the great work your lead law enforcement agency in St. Johns County has accomplished over the last year and provides a deeper look into how our agency functions.

The men and women of the St. Johns County Sheriff's Office are solely dedicated to serving the citizens of St. Johns County with excellence 24/7. Likewise, I have found it equally humbling, that the people of St. Johns County embrace the men and women of the St. Johns County Sheriff's Office right back. This positive relationship is the result of an ongoing commitment to transparency, community partnerships, and being present daily in each corner of our county.

The relationships we share from business owners, to local government leaders, and citizens, ensure that our county is the best place to live, work, play, raise a family, and retire. Those tenets of ensuring that our county is safe, desirable, and offers a great quality of life, are basis for what we do each day.

As we look to the future, my hope is to continue to increase salaries, improve our facilities, and ensure we provide the best customer service to our citizens and visitors.

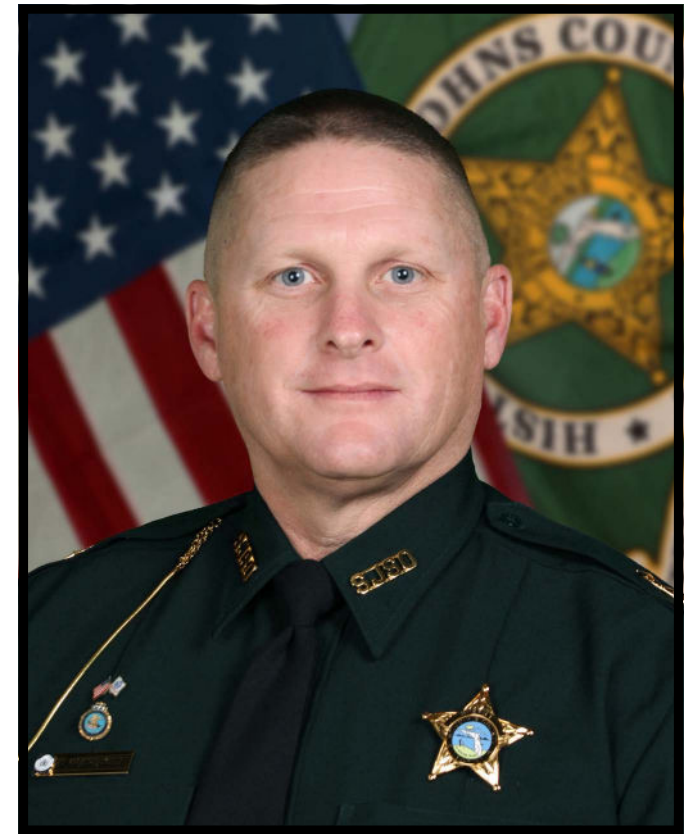

I also would like to take this time to thank you for the incredible opportunity to serve as your elected Sheriff. I am beyond proud to be leading this agency in the best county in the State of Florida.

Should you have any questions, please feel free to reach out.

Sincerely,

Robert A. Hardwick
Sheriff

PATROL DIVISION

In 2021 the St. Johns County Sheriff's Office re-implemented the bicycle unit. The primary goal of bicycle deputies is to allow the community to have more face to face contact with law enforcement. By utilizing bicycles, deputies are able to interact organically with citizens as they bike through neighborhoods and parks. The bicycle deputies are highly visible and easily approachable to the public, which promotes interaction, communication, and community policing. Bicycle patrol officers can be deployed in many police functions. They can be used to patrol residential neighborhoods, business, entertainment, and shopping districts during their regular scheduled shifts. Bicycle officers can patrol in high crime areas, work crowd control, and assist in undercover and stealth operations. In addition, police bicycle officers ride in special events, malls, parking lots, city parks, etc., or other areas as dictated by large attendance or when defined by intelligence.
